

KEANA RIELA DELA PEÑA

Alaminos, Laguna, Philippines | 992-756-0526 | cpe.delapena.keanariela@gmail.com

PROFESSIONAL SUMMARY

UI/UX Designer with SEO Experience with hands-on internship experience at Monte Carlo Technologies, where I combined user-centered design with data-driven SEO strategies to improve digital visibility and user experience. Skilled in on-page and technical SEO audits, keyword research, Google Analytics, and Google Search Console — alongside Figma prototyping, usability testing, and front-end development. Passionate about designing interfaces that are both visually compelling and optimized for search performance.

EDUCATION

Bachelor of Science in Computer Engineering

Pamantasan ng Lungsod ng San Pablo

2022 – Present
San Pablo City, Laguna

Information and Communication Technology – TVL Strand

Alaminos Integrated National High School (Senior High)

2020 – 2022
Alaminos, Laguna

Junior High School

Alaminos Integrated National High School

2016 – 2020
Alaminos, Laguna

Elementary Education

San Vicente Elementary School

2010 – 2016
Alaminos, Laguna

PROFESSIONAL EXPERIENCE

UI/UX Designer & SEO Specialist Intern

Monte Carlo Technologies – College Internship (4th Year)

February 2026 – May 2026
Philippines

- Designed and developed user interface wireframes, mockups, and high-fidelity prototypes using Figma
- Conducted user research and usability testing to improve overall user experience and interface consistency
- Performed on-page and technical SEO audits — optimizing meta tags, heading hierarchies, and content structure — resulting in measurable improvements in search visibility
- Conducted keyword research and implemented SEO best practices across site content to improve organic search rankings and drive targeted traffic
- Collaborated with the development team to ensure design handoffs were accurate and SEO standards were integrated into the build
- Monitored website performance using Google Analytics and Google Search Console; generated actionable reports on traffic trends, user behavior, and SEO opportunities

Web Development Intern

Alaminos Integrated National High School – Senior High School Internship

2022
Alaminos, Laguna

- Independently designed and developed a fully functional school website from concept to deployment
- Built and styled responsive web pages using HTML and CSS, ensuring clean, accessible layouts
- Structured site content and navigation architecture for ease of use by students and faculty
- Conducted thorough testing and iterative refinement to ensure cross-browser functionality and usability

TECHNICAL SKILLS

Front-End Development

- HTML5 – semantic markup, accessible page structure, and standards-compliant coding
- CSS3 – layouts (Flexbox, Grid), animations, media queries, and responsive web design
- JavaScript (ES6+) – DOM manipulation, event handling, and interactive UI components

UI/UX Design

- Figma – wireframing, prototyping, component libraries, and high-fidelity mockups
- Canva – graphic design, visual branding, and digital asset creation
- User-centered design principles – usability testing, user flow mapping, and interface consistency

Data Analysis & Visualization

- Data literacy and analysis – collecting, cleaning, interpreting, and presenting datasets
- Data visualization – creating charts, dashboards, and reports to support data-driven decisions
- Business intelligence concepts – KPI tracking, performance metrics, and reporting workflows

Search Engine Optimization (SEO)

- On-page SEO – keyword research, meta tags, heading hierarchy, and semantic HTML
- Technical SEO – site speed optimization, mobile-friendliness, structured data, and crawlability improvements
- Content strategy – writing SEO-optimized content, alt text, and URL structuring

Tools & Technologies

- Figma – design, prototyping, and collaboration
- Canva – graphic and digital design
- VS Code – primary code editor
- Git / GitHub – version control and code collaboration
- Google Analytics – web traffic analysis and audience insights
- Google Search Console – search performance monitoring and SEO auditing
- SEMrush – keyword research, competitor analysis, and SEO auditing
- ESP32 – embedded system development and IoT automation

THESIS PROJECT

SWEEP: ESP32-Based Solar Powered Automated Waste Restraint Device

2024

Pamantasan ng Lungsod ng San Pablo

San Pablo City, Laguna

- Designed and developed a solar-powered, sensor-based sewage waste restraint system for environmental management
- Programmed ESP32 microcontroller for real-time automation, sensor data acquisition, and system monitoring
- Conducted performance benchmarking and environmental impact analysis to optimize energy efficiency and system reliability

SOFT SKILLS

- Highly creative with a strong sense of visual design and aesthetic consistency
- Strong attention to detail in layout, typography, and interface design
- Ability to translate complex ideas into clear wireframes, mockups, and working prototypes
- Adaptable and receptive to feedback throughout iterative design and development cycles
- Excellent time management and organizational skills when managing multiple simultaneous projects

CERTIFICATIONS & ACHIEVEMENTS

Academic Honors

- Graduated With High Honors – Alaminos Integrated National High School (Senior High), 2022
- Graduated With Honors – Alaminos Integrated National High School (Junior High), 2019 & 2020

Leadership & Organizations

- SSG Officer – Alaminos Integrated National High School (Junior High), 2018–2020
- Treasurer – United Math Club of Laguna (UMCL), 2020
- Public Information Officer (PIO) – EMATH Society
- Member – Institute of Computer Engineers of the Philippines (ICpEP)

Competitions

- Math Games Champion – District Level, 2022
- Math Games 3rd Place – Division Level, 2019
- Math Games Champion – School-Based, 2017 & 2018

Professional Development (Workshops & Seminars)

- Assessment Creation with Generative AI
- Real-World Workflows for Government
- Data Literacy for Corporate Teams
- The Build Zone: Where Capstone Become Careers
- CyberSEcurity: A Women's Guide to Cyber Safety and Justice
- Chaos to Clarity: Using PM Tools to Strengthen Leadership and Team

INTERESTS & HOBBIES

- Web & UI/UX Design – exploring creative layouts, color theory, and user-centered experiences
- Front-End Development – experimenting with HTML, CSS, JavaScript, and responsive design patterns
- Technology & Innovation – keeping current with emerging tools, frameworks, and digital trends
- Digital Art & Creativity – designing graphics, wireframes, and interface prototypes for personal projects

LANGUAGES

- English – Professional working proficiency
- Filipino – Native / Full professional proficiency
